

An Introduction to Steel Making & Market Fundamentals

Day 1

8:15AM	Welcome & Introduction
9:00AM	Break
9:10AM	Industry Structure
10:30AM	Break
10:40AM	Integrated Steel Making
11:20AM	Break
11:30AM	EAF Steel Making
12:30PM	Lunch
1:15PM	Common Steel Mill Processes
2:00PM	Break
2:10PM	Flat Rolled Coil
2:53PM	Plate
3:15PM	Break
3:25PM	Virtual Mill Tour & Interactive Session
4:10PM	Steel Qualities & Grades
4:55PM	Break
5:00PM	Speed Networking/Networking Happy Hour
5:30PM	End of Day 1

Day 2

8:15AM	Introduction & Recap of Day 1
8:30AM	Automotive Steel
9:00AM	Break
9:10AM	Long Products
9:41AM	End Applications & Specs
10:10AM	Break
10:20AM	Painted Steel
11:00AM	Break
11:10AM	Commodity Impact on Pricing
12:00PM	Lunch
12:45PM	How does the Supply Chain Work
1:30PM	Break
1:40PM	How are Long Products bought & sold
1:45PM	How is Flat Rolled bought & sold
2:15PM	Break
2:25PM	Interactive Program - Calculating Steel Adders
3:10PM	Break
3:20PM	Indexing
4:00PM	Break
4:10PM	Fundamentals - Supply & Demand
5:06PM	Course Review, Final Q&A, Virtual Platform
5:30PM	Resources End of Day 2

**Please note:* - Time Zone is EST
- Following each topic presentation, there is a live interactive Zoom Q&A discussion session
